

Questions to guide discussion of your voluntary partnership audit results

- What phase of partnership development are we most focussed on at the moment?
- Is there a particular phase that we need to put more energy into now or in the near future?
- Are there parts of the partnership development process that have been missed, skipped or not planned for? Is this impacting the effectiveness of the partnership?
- Do the scores reflect the strengths and weaknesses of the partnership or are there other reasons why they are high or low?
- How do our strengths and weaknesses in one domain affect our performance in others?
- What areas do we need to put most energy into now and in the near future?
- Are there plans in place to build our partnership in weaker domains? Is there more we need to do?
- Has anything changed or developed since our last review?
